

Navigation (where to find what?)

- [Entry via "Tell Me" \(Alt+Q\)](#)
- [Alternative entry \(if present in the profile/role\)](#)

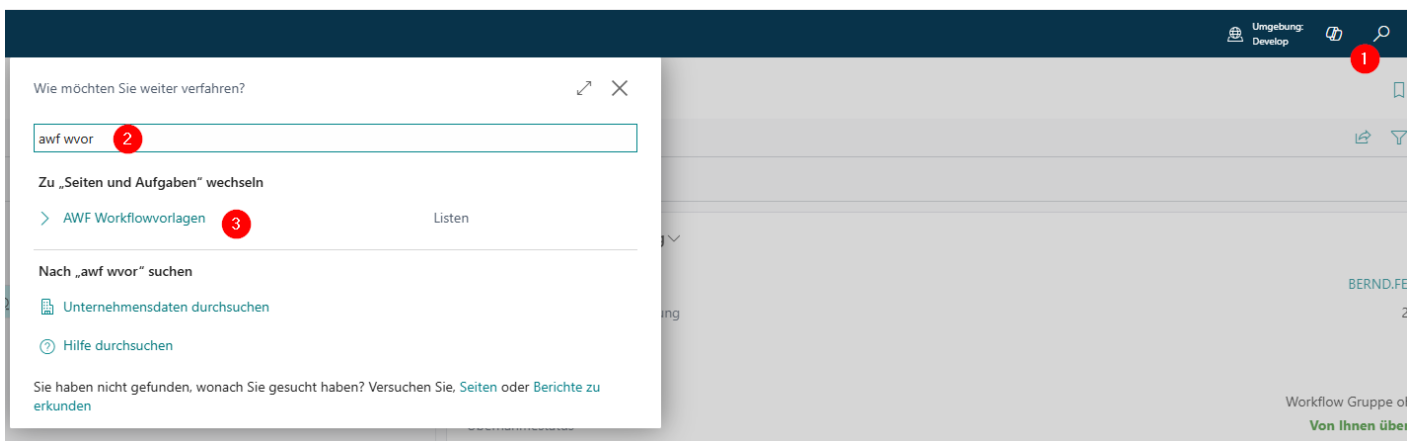

Entry via "Tell Me" (Alt+Q)

Directly searchable via Tell Me:

- **AWF Workflow Templates** (list)
- **AWF Workflow Management** (list)
- **Rule Sets** (DEXPRO Core)
- **Requests to Approve** (standard page; extended by AWF)

Not directly searchable via Tell Me, but still reachable:

- **AWF Supported Tables**: open a template (**AWF Workflow Template**) and use the lookup on "**Primary Table ID**".
- **AWF Workflow Template** (card): open it from the list **AWF Workflow Templates**.
- **Rule Groups / Rules / Rule Conditions**: open these starting from **Rule Sets** via the respective actions (e.g. "**Show Rules**", "**Show Conditions**").

Alternative entry (if present in the profile/role)

If your role/home page offers an entry point, you will often find the "**Approvals & Workflows**" area "**Advanced Workflow**" with links to:

- **AWF Workflow Management**
- **AWF Workflow Templates**

In addition, you will typically find the standard area there, "**Pending Approvals**" with the entry point "**Requests to Approve**".
