Download Documents now

This function is used to manually execute the document pickup from SQUEEZE. Optionally, this is controlled and executed via the corresponding background job.

Upload Documents

This function will no longer be available in the future.

Navigation

Import Queue Entries

This [menu](#) displays a list of SQUEEZE vouchers that are ready to be imported into the SQUEEZE for BC app. By changing the system filter it is also possible to view already imported vouchers.

Cross Company Documents

Opens an [cross-company document](#) overview.

Queue

Opens an overview that gives you information about the documents in the SQUEEZE queue of the connected client.

Revision #7
